Subject: Tax Deductibility of Leadership Development Program

Dear [Accountant's Name],

I hope you're well. I'm considering enrolling in a 6-month Leadership Development Program, which focuses on enhancing my professional skills and leadership capabilities. You can read about it here.

Before I proceed, I wanted to confirm whether the cost of the program (AUD 5,497) would be tax-deductible as a professional development expense if I were to pay for it myself.

Could you please advise on this?

Thank you for your assistance.

Best regards,
